# DELIVER A UNIFIED BUYING EXPERIENCE TO DRIVE MORE SALES

## GLOBALLY CONNECTED

Reduce friction when selling internationally. Our gateway enables eCommerce merchants to cross borders with ease.

## HOSTED PAYMENT PAGES

We host the entire payment experience for you. It's the ideal way to combine secure payment processing with simplicity.

## SHOPPING CART INTEGRATION

Meet all PCI data security standards while integrating our payment gateway with our bundled shopping cart. We also support all major shopping carts.

## SMART TRANSACTION ROUTING

Optimize payments through a set of smart rules. Reduce cross-border fees, optimize conversion rates, lower interchange and reduce fraud.

## VIRTUAL TERMINAL

A web-based virtual terminal allows small business owners to collect credit and debit card payments directly on a computer or tablet.

## LEVEL 2 & LEVEL 3 PROCESSING

B2B companies can lower interchange rates from Visa® & Mastercard® by collecting secure detailed payment transactions.

# INNOVATIVE FEATURES TO FUEL GROWTH

## ACH PAYMENT PROCESSING

Enable clients to pay by eCheck, online or by phone, easily and conveniently.

## APPLE PAY & GOOGLE PAY

Simplify the checkout experience online, in-app or at the point of sale.

## DEVELOPER FRIENDLY

Integrate, test and customize your implementation easily with sample code and development tools.
